Humber Valley's Meeting Announcement Tues Nov 1st, 2005 @ 7:30pm

Here's how to get there: From the 401 East or West, exit at Keele Street North. Turn right on Sheppard Ave, and follow

Sheppard to the entrance to Downsview Park. Turn right into the park onto John Drury Lane until you reach Carl Hall Road. Turn left at Carl Hall and continue east over the railway tracks to the Museum, which is on your right.

Calendar of Upcoming Events

Tue Nov 1 st	Club Meeting: John Dutkoski on Vacuum Forming
Nov 4 th 5 th 6 th	!!!!!!! The Hobby Show !!!!!!!
Nov 30 th	Election Nominations Deadline
Tue Dec 1 st	Club Meeting: <ul style="list-style-type: none"> • Gary's Cub Project • 2005 Renewal Drive • Club Executive Elections

Free Pizza at the November Meeting!

It doesn't get any better than this. No time to stop in for dinner before the club meeting? No problem! Just come to the meeting hungry. Better get there early though, before the mad rush, to make sure you get the best selection.

The club will provide free pizza before the meeting starts.

Notice of Election Nominations

NOTE: Important election nomination form & information is attached. Please read these notices carefully and submit your nominations to the Election Committee at the November 1st meeting or by using the form on or before November 30th.

Please contact any executive to express your interest or nominate a good candidate.

Nov 1st Program Announcement

John Dutkoski on Vacuum Forming

We are pleased to have **John Dutkoski** offer to speak to us at the upcoming November meeting. John visited us in 2002 and is the Canadian manufacturer of a high quality line of ducted fan jets which he sells through **Models by John**. In

addition to the jets, John is a distributor for **Dura-GRIT** sanding products. He will bring along his products and will be offering great deals on these items at the meeting. He has also **donated a gift to use as a raffle prize** to add some excitement to our meeting. The club greatly appreciates this gift. You can visit John at <http://www.modelsbyjohn.com>.

Meanwhile, the real highlight of the evening will be a demonstration of vacuum forming techniques. John will explain the equipment needed so you can actually "try this at home"! **Don't miss this opportunity to see a great presentation at the October meeting and get a chance to win great prizes!**

Student Instruction Program Report

The student training program went very well this year. We were lucky to have good weather on most of the flying nights. The grass was always at the ideal height and there were very few times that an instructor was not available. June was the busiest month and it was common to have all pilot stations occupied. It's always a treat to see 5 trainers in the air at once...truly an indication of how healthy our club is. Eight pilots have cleared and several more are close to earning their wings. Congratulations to **Alan Arthurs, Kieth Eagleson, Eric Gallas, Nelson Jacinto, Romano Perri, David St Louis, Micheal Serio, Hung Ngoc Phan**. Special thanks to instructor **Pete Heeley** who lent his trusty SPAD on more than one occasion this summer. New instructors are always welcome...come and join the fun!

ADMISSION: ADULTS \$12.00, SENIORS and KIDS 6 TO 12- \$8.00, Under 6 – FREE

Correction – Humber IMAC Competition

The winners of the club's August IMAC competition were incorrectly reported in the Oct Flyer. The correct winners are:

- 1st Jeff Shimo
- 2nd Guiliano Mior
- 3rd Rick Van Amelsfort

We sincerely apologize for the error.

October 4th Meeting Report Gary's Cub Gets Rave Reviews...

Gary brought his 1/4 scale, Coroplast J3 Cub to the October meeting and it generated a lot of interest. Nobody builds with Coroplast better than Gary - and it was evident in this huge project. Gary gave us the following progress update and is planning to bring it in to show for the December meeting.

"The Cub is nearing completion. Flight controls are now installed and the fuselage structure is complete. The toughest part of this project has been the design of the cabin / wing attachment. The full scale Cub has an enormous amount of window area below the wing. Most Cub models utilize wooden bulkheads that provide plenty of strength but do not look realistic. I've combined 1/8" fiberglass rods, steel threaded rod and piano wire to achieve an uncluttered cabin that supports the huge wing. The Cub will be powered by a .91 OS 4-stroke. I want to maiden it before the snow flies."

Cub is almost ready for the windshield installation.

Chatham 2005 Nationals

The Humber Valley scale combat team did very well at the MAAC Nationals in August. It was an extremely hot day and the competition was even hotter. **Dan Paluzzi** ran the show as contest director. **Dave Plank, Jon Holmes** and **Gary Del Bel Belluz** piloted their warbirds through 6 grueling rounds of combat. In the end, it was **Dave Plank** that finished up in the winners circle capturing a well deserved 3rd place. Impressive, when you consider the fact he flew aggressively the entire day with one airplane. That airplane was **Dan Paluzzi's** fabulous P-51D mustang which was also picked for the best scale trophy. Feeling a need for speed? Come

and join the Humber Valley Hawks combat team!

Photo Above: Dave sends Jon's P-51B off on another mission at the MAAC Nationals. This picture is the same one published in the October MAAC magazine.

E-Mail Address Updates Please

All club newsletters are available on our website in the library section. If you are on our e-mail list, you should get it by e-mail about one week before the each club meeting. This is the fastest and cheapest way for us to stay in touch with members and friends – and you get to see the newsletter in **LIVING COLOUR!!**

MAIL

If you are getting this newsletter by **regular mail** (in black and white) and would be able to receive it by e-mail, please send your address to Tom Gottlieb at tgott@sympatico.ca and we will put you on the e-mail list for next month. Thanks!

Your Executive...

President, David Plank	(416) 763 0082
